

WPSI Well-Woman Chart

SOCIAL MEDIA TOOLKIT

The Women's Preventive Services Initiative (WPSI) Well-Woman Chart serves as a key tool for providers to guide them through a well woman visit. The chart includes clinical prevention service recommendations issued by the U.S. Preventive Services Task Force (USPSTF) (A and B level), Bright Futures, and the Women's Preventive Services Initiative (WPSI).

This Toolkit is designed to equip partner organizations with various communication tools that make it easy to raise awareness about quality health care for women and ensure quality preventive health care for every woman across the lifespan. Help us inform health care providers of the WPSI's new Well-Woman Chart by using these hashtags, messages and graphics on your organization's social media platforms.
